The Official Proclamation.

[By Cable to the Sentinel.]
ALEXANDRIA, July 25.—The monitor Egyptian has reappeared here, with holding the official journal of the government of the Khedive. It contains a proclamation dismissing Arabi Pacha from the ministry.

A FEARFUL STORY.

The inspector of Cadastre at Tanta, speaking of the massacres, says: "I saw women carrying, tied to bludgeons, the dismembered arms and legs of the massacred European soldiers and the rabble fought for the loot. A Bedouin sheikh, with twenty Bedouins, saved the inhabitants of the Jewish quarter and took them to his village. Another sheikh saved myself and party. A mob from Alexandria murdered three employees of Cadastre and their families and burnt their bodies with petroleum. The mob killed twelve Greeks. They tied the viscera of one of the victims to the tail of a dog and covered him with petroleum, which was set on fire amid cries of joy from the women and children. The mob was repulsed eight times, when two sheikhs arrived and dispersed it."

PREPARATIONS FOR THE BATTLE.

10 a. m.—Military authorities are of the opinion that Arabi Pacha will not attack the British. He is, however, strengthening his position hourly. At daybreak this morning his men, many of them without uniform, driven like slaves, were seen working on the intrenchments. The British experience great difficulty in moving guns, without which it is impossible to assume the offensive to Ramleh. Directly a sufficient number of heavy guns will be placed in position, and an attempt will be made to dislodge Arabi Pacha without exposing the troops. Gunners and guns from the fleet are going to the front.

MOVING THE OUTPOSTS.

3 p. m.—The outposts of Arabi Pacha retired about 1,000 yards and the British advanced 500 yards. There appeared to be some disturbance inside Arabi's entrenchments.

Cruelly Outraged.

[By Telegraph to the Sentinel.]
MEMPHIS, Wis., July 25.—A wealthy and reputable woman of Evanston, who had an uncontrollable appetite for drink, was made drunk by a gang of loafers, taken to the woods near the city and repeatedly outraged by them. The affair coming to the knowledge of the officers, the woman was found in a famishing, besotted condition and taken half dead to a place of safety. Several of the parties are arrested and others will be soon.

Fire at Grand Rapids.

[By Telegraph to the Sentinel.]
GRAND RAPIDS, Mich., July 25.—A fire broke out at 4 o'clock this morning in a saw mill of the Grand Rapids building works which were destroyed. The flames spread to the factory adjoining, completely gutting the establishment, destroying machinery, tools, \$12,000; insurance, \$7,500. The works will be immediately rebuilt.

A Virginia Duel.

[By Telegraph to the Sentinel.]
CHRISTIANBURG, Va., July 25.—Capt. John S. Wise, readjuster candidate for congressman at large, and Joe S. Crockett, the prominent local attorney at the county seat, fought a duel this morning.

this morning and fought a duel near here with pistols. In the first round both fired at the word without effect. At the second round Crockett's pistol went off prematurely while loading the weapons. Both combatants were placed in position for another exchange of shots. Wise's pistol failed to fire, and Crockett's fire was again harmless. Crockett, the challenging party, expressed himself satisfied, and the fight terminated. The meeting had its origin in the personal rencontre which took place Monday, the 17th inst., at Marion, when Captain Wise met Crockett and interrogated him about certain language which Crockett attributed to Wise. Crockett acknowledged that he made the statement and said that it was true. Wise denounced it as false and struck Crockett. Before the latter could resent the blow, outsiders intervened and both were arrested and fined for the breach of peace. This caused a subsequent correspondence, which resulted in a duel. No arrests.

The Missing Banker.

[By Telegraph to the Sentinel.]
JONESBORO, Ill., July 25.—Mr. Willard's failure and flight from his bank, grows hourly a more desperate affair. It looks now as though the shortage would be \$200,000, and the assets practically nothing. Willard's whereabouts are kept very secret. The general opinion is that he lost nothing by the speculation, but that it is out and out robbery. Some suspicion is directed against his family on account of acts of doubtful propriety done since the disappearance.

Two Women Suffocated.

[By Telegraph to the Sentinel.]
GRAND HAVEN, Mich., July 25.—A small house in this place took fire about one o'clock this morning, the occupants being Mrs. N. Baker, Mrs. Anderson, of Frankfort, and a two year old child of the former. During the fire the child was found walking outside the house, having presumably been thrown from the upper window. Both women were suffocated. \$350 which was in a trunk, was saved. Mr. Baker, and a son fourteen years old, are working in Illinois.

Telegraphed Train.

[By Telegraph to the Sentinel.]
CAIRO, Ill., July 25.—The fast passenger train, No. 4, on the Illinois Central, ran into the rear end of a freight train last night, between Irvington and Centralia, telegraphing the caboose of the freight train and badly damaging the engine and train of No. 4. The engineer, Van Paten, Weden, fireman, of No. 4, were badly hurt. No others are reported hurt, beyond a shaking up.

Labor Troubles Assuming an Alarming Attitude.

[By Telegraph to the Sentinel.]
CHICAGO, July 25.—The iron ore unloaders at South Chicago have struck, and the scenes of the Joliet strike, which was long and brutal, are likely to be repeated, unless a compromise is offered. The necessity for men is more pressing now than last spring. A number of the stevedore's of several lake lines are striking and dock troubles multiply.

An Arkansas Racket.

[By Telegraph to the Sentinel.]
LITTLE ROCK, July 25.—News has been received of a fatal affray in Howard county. Crawford Merrell, accused of disturbing a religious meeting, and of stealing the minister's horse, defied arrest, and fired at the officers. He was fired on in turn and instantly killed.

Killed His Wife.

[By Telegraph to the Sentinel.]
LINCOLN, Neb., July 25.—Sunday night William H. Reid, a farmer in Gage county, shot and instantly killed his wife, who had sought refuge from his brutality with her son-in-law. Reid is in jail.

The Jewel Swing.

This swing is something entirely new in Fort Wayne, and is manufactured by the Peters Box and Lumber Co., and for sale at their furniture store, 19 West Main Street. The company have purchased the right to manufacture this jewel, which is a beautiful and useful plaything for children, and furnishes more innocent amusement for them than anything yet presented to the public.

It is an ornament that can be placed in the yard or house, is movable, made with either one or two seats, stands about eight feet high on four standards, at the top of which, on a cross piece, the swing is hung. When a child wants to swing, it mounts the seat, and propels itself by the motion of the feet, giving it healthful exercise, and not of a violent character. Children can swing all day and not tire, as it is almost a self propeller.

It is a grand thing for children for many reasons. It will keep them at home and out of mischief; it affords them fine exercise and delightful pastime.

The little ones can swing all day and not get hurt, and will find more real pleasure with one than in any other source of amusement.

It is well made, of good material, handsomely painted, put together with bolts, is very strong, easy to work, and catches every body who sees it, especially the parents who love to keep the little ones at home, and have them enjoy themselves with innocent and health promoting sport.

If you have not seen one, you should go to the furniture store of the Peters Box and Lumber Co., No. 19 West Main street and take a swing.

The single swing sells at \$5, the two seated at \$8.

The London Times wants the American government to crush the "dynamite school," which, it says, is constantly growing in America. Americans endeavor to do right and feel no inconvenience from the presence of the school. This is a pointer for our British friends.

The Methodists are making arrangements to celebrate the one hundredth anniversary of the organization of their first conference in Baltimore in December, 1884. In honor of the occasion they will raise a fund of \$2,200,000 to be applied equally to church extension, education and foreign missions.

A few days ago it was announced from Washington that Speaker Keifer would have no opposition for re-election from the eighth congressional district of Ohio, and that Gen. R. P. Kennedy had withdrawn in his favor. Mr. Kennedy is now out in a letter to the effect that he is a candidate for congress, and proposes to make the campaign pleasant for the fellow who has disgraced the speakership.

In last evening's issue of the News, Councilman Muhler was threatened with defeat, in the event of his candidacy for mayor, if he voted against the ordinance extending the fire limits so as to prevent the New York, Chicago and St. Louis railroad company from erecting a frame depot and freight house on the square north of Columbia street. We believe that public opinion will sustain Mr. Muhler in his action in this matter when the situation is fully understood, and no one can doubt that he is in accord with the business interests of the city. The plans and specifications for the new depot and freight building, are substantially the same as those now being built by the Lake Shore and Michigan Southern and the Pennsylvania company along the line of their roads. We are also assured by Mr. Shrimpton, the contractor who built the Catholic Library, that the proposed depot and freight house is in every way more desirable than a plain brick structure. Besides this the road is on our tax duplicate for thousands of dollars, contract has been let to M. Baltes & Co., for the round house and machine shop in this city and the division superintendent will make his headquarters here, still for not opposing these improvements, these advantages to our growing city, and for not helping to drive the division headquarters and shops from Fort Wayne, Mr. Muhler is to be defeated. Well, if nothing worse can be said of him he will have a smooth sailing in this troublesome life. The passage of that fire limits ordinance by the council will be simply suicidal and we hope that no member of that body will so forget the welfare and growth of the city, the duty he owes to the business interests, to himself and to the people, many of whom are now out of employment, as to vote for such a measure.

COUNCIL PROCEEDINGS.

OFFICIAL REPORT.

SPECIAL SESSION, JULY 24, 1882.

COUNCIL CHAMBER,
CITY OF FORT WAYNE, IND.
July 24, 1882.

The Common Council met in special session, His Honor, Mayor Zollinger, in the chair, and City Clerk Rockhill at the desk.

There were present Councilman Alter, Bolts, Chittenden, Doehman, Heitler, Michael, Muhler, Pape, Reese, Smith, Vordermark, Wessel and Wolf, and absent Councilman Brames, Hamilton, Welch, Wise and Yergens.

The chairman announced that the meeting was called for the purpose of forming a board of equalization and receiving the reports of the assessor.

To the Honorable Mayor and Common Council:

Gentlemen—I respectfully report that the assessor, Louis Jockuel, has this 24th day of July, 1882, delivered to me the assessment of all property liable for assessment in the City of Fort Wayne, for the year 1882, together with his affidavits as required by law. I have also received from him all the statements of property which he has received from persons required to list the same, and I herewith respectfully submit the same to your honorable body.

W. W. ROCKHILL,
City Clerk.

Received and filed.
By Hettler.
Resolved, That the City Assessor's books and statements of property, showing the assessment for the year 1882, be accepted by this Council.

Adopted.
To the Honorable Mayor and Common Council:

Gentlemen—I would most respectfully beg leave to report that, according to the law of 1879, there will be about \$140,000 of realty for the year 1882, which will be taxable at township rates only. Said realty consists of five and over five acre tracts of land.

LOUIS JOCKUEL,
City Assessor.

Received and filed.
To the Honorable Mayor and Common Council:

Gentlemen—I respectfully beg leave to report that a portion of the decrease in personal property, as shown in the abstract, is caused by the deduction of \$19,300 from bank stock and \$76,000 from gas stock. This was erroneously charged last year, and said corporations received an overcharge for said amounts by order of the Council.

LOUIS JOCKUEL,
City Assessor.

Received and filed.
To the Honorable Mayor and Common Council:

Gentlemen—I herewith submit an abstract of the assessment of real and personal property for the year 1882, together with a comparison of the previous year, 1881:

CLASS OF PROPERTY.	1881.	1882.	INCREASE.	DECREASE.	TOTAL.	PERCENT.
Real Estate.	\$1,200,000	\$1,200,000			\$1,200,000	100
Personal Property.	\$1,000,000	\$1,000,000			\$1,000,000	100
Bank Stock.	\$19,300	\$19,300			\$19,300	100
Gas Stock.	\$76,000	\$76,000			\$76,000	100
Total.	\$2,295,300	\$2,295,300			\$2,295,300	100

All of which is respectfully submitted.
LOUIS JOCKUEL,
City Assessor.

Received and filed.
By Hettler.
Resolved, That the Common Council, together with the Clerk and Assessor, now assembled as a Board of Equalization, refer to a committee of eleven, nine Councilmen and the City Clerk and Assessor, a majority of whom shall be a quorum, the assessment list and all complaints in regard to any assessment, and it shall be the duty of said committee to report their action to the Common Council according to law. Adopted.

The Mayor appointed Councilmen Reese, Heitler, Wolf, Muhler, Michael, Smith, Wessel, Vordermark, Bolts, City Clerk Rockhill and City Assessor Jockuel, as Committee of the Whole, who retained the services of Messrs. Finkham and McDonald.

A GENERAL REDUCTION IN GOODS.

Teas and Coffees the Lowest They Have Been Sold at in Twenty Years.

Dried Peaches and Canned Peaches at a Great Reduction, and No Advance on Sugars, Syrups or Tobaccos.

The tea trade has doubled with us the last two years. The increased cultivation of the plant in India and China has thrown so much on the New York market that now the very best teas are down to a point that was formerly considered cheap for the low grades. We purchase direct of the importer and sell direct to our customers, thereby saving them the profit of the speculator, jobber and wholesale dealer, which is all the way from 10 to 25 cents a pound.

The Daily Sentinel

TUESDAY, JULY 26.

THE CITY.

There was no police court this morning.

Mrs. J. H. Simonson has gone to Lancaster, Pa.

The Catholic Knights excursion to Rome City is to-day.

Miss Della Wilson, of Indianapolis, is visiting friends in the city.

Miss Maud Farrar, of Peru, who has been visiting in the city, returned home to-day.

Seibold's orchestra was out last evening serenading the belles of Bloomington.

Mr. Stone, of Elkhart, is one of the talked of purchasers of the late T. J. Foster's paper.

Yesterday's SENTINEL contained twice as much local news as the combined evening sheets.

Dr. T. J. Dille is making a tour of the pleasure resorts in Michigan. He will be absent two or three weeks.

James T. Walker, of New York, is in the city. He formerly resided here and was engaged in the tailoring business.

The candidates for state offices are beginning to pour in, and the state delegates don't pay for their whisky any more.

The intimidation in last night's SENTINEL of the trouble in the Golden Eagle club caused much comment in sporting circles.

John O. Wilhelm, cutter for Friend's tailoring house, is visiting in Philadelphia. The little game is suspended meantime.

Capt. C. M. Brockway, who has been in Chicago, employed on the Times, has returned and will probably remain in the city.

W. H. Brooks arrived this afternoon at 2 o'clock from Topeka, Kan. Arrangements for the funeral of his wife will be completed this afternoon.

We learn that a Sunday paper is contemplated. Probably Mr. Joel P. Heatwole, an accomplished journalist, may be concerned in the enterprise should it take form.

W. J. Vesey, of this city, and Miss Madge Studebaker, are to be married this evening at Decatur. A number of Fort Wayne people are in attendance, including Mr. and Mrs. P. A. Randall and Miss Luella Bittenger.

The police were rushing about in a great hurry yesterday. They were not after criminals, but each had a package of tickets to their Rome City excursion which all were importuned to buy. Over 1,000 tickets have been disposed of.

Ras Chittenden brought home several beautiful engravings, one, "A Straggle Belle at Her Toilet," delighting beyond measure, John McCain, Fred. Drake, J. C. Beeks and other bald headed gentlemen to suit whose especial taste the picture was selected.

The thanks of a reporter of this paper are perhaps due to Mr. Charlie Copp, who assisted by O. L. Perry and another individual took a bath in the sewer, all to find a pair of eye glasses belonging to the purblind reporter. However the gentlemen were paid for their trouble, and perhaps the gratitude is superfluous.

The elegant mansion of Mrs. Kerr Murray, on West Berry street, was today taken possession of by the lady and the family of her son-in-law, Mr. A. D. Oressler. Several thousands of dollars' worth of imported furniture is still en route. This fine home is one of the most magnificently appointed in the city. The stables will be enlarged and rearranged, the architect admitting to a failure in the plans.

In the circuit court, Lucinda Watson has sued for a divorce from John Watson. They were married six months ago, and during this brief period curses and blows would seem to have been more plentifully bestowed on the young wife than taffy, carcases or silk dresses. The complaint alleges, failure to provide, cruelty, and finally, abandonment. Watson is believed by his wife, to be in Minnesota.

Lake Maxinkuckee, on the line of the New York, Chicago and St. Louis railroad, is destined to become the most popular pleasure resort in Indiana. It is situated about sixty miles west of this city, and is charming in its appointments. The banks of the lake are dotted by cottages and club houses, and in the waters of the lake the most valuable specimens of the fishy tribe can be found. A private excursion to the lake will shortly be given, and as THE SENTINEL staff is invited, we will be able to speak of the lake and its surroundings at length. Upon the completion of the new and

Leeds Park, the cricket lake, has a low stage.

The common council meets in regular session to-night.

Hon. Hugh Dougherty, of Bluffton, was at the Avenue yesterday.

Wagner & Cannon's saloon is becoming the base ball headquarters.

Milt Philley, the Isaac Walton of Berry street, is away on a fishing excursion.

The police excursion train leaves Broadway for Rome City to-morrow morning at 7:30.

Miss Talbot, sister of Mrs. R. S. Keith, of West Berry street, is visiting friends at Chicago.

The patients in the St. Joseph's hospital have been officially turned over to the care of Drs. Dinnen and Rosenthal.

There were no offenders against the municipal quiet last night and consequently the mayor did not hold court this morning.

The greenback county convention takes place August 26. The presence of Hon. and Rev. Gilbert De La Matyr is promised.

J. W. Fritchard, the grain buyer of O. H. Cummings & Co., Philadelphia, who has been in the city several days, has gone to Indianapolis.

The new Pittsburg bridge, long contemplated at the Gay street crossing, will probably be built. Superintendent Law is in consultation to-day with the city attorney.

Immediately after the state convention County Clerk Spencer and J. P. Dicatorial Hance will see themselves to some pleasant lake and tempt the unsuspecting fishy tribe.

The city officers have organized a base ball club and propose to challenge the members of the council to play a game of ball. We understand the challenge will be accepted.

Hon. B. Schweitzer, democratic candidate for state treasurer, went south on the Richmond this morning after an agreeable and profitable sojourn among Fort Wayne friends.

The will of the late J. D. Stephenson, of Monroe township, has been admitted to probate. The personal property and homestead is left to the widow, and the realty distributed among the children.

A son of J. J. Cooper, democratic candidate for the nomination as treasurer of state, is in the city, looking after the interests of his popular father. Young Cooper was taken in charge by Will Oppenheim.

A young man got up this morning, purchased a ten cent bouquet of flowers at the market and presented them to a charming lady, the guest of one of the hotels. He casually remarked that the cost of the nosegay was \$3. This gives the snap away.

In conversation with Andrew F. Glutting, of the firm of Glutting & Bauer, real estate agents, our reporter learned that real estate business was good. Prices are now firm with plenty of buyers, as the building of the Nickel Plated shops and the prospect that the road is soon to begin business, will have a tendency to boom real estate and occasion a big jump in prices.

This morning in the alley north of the postoffice, the driver of the Maysville mail wagon dropped a roll of greenbacks, amounting to \$75, and a bank check. The bundle was picked up by a couple of kids who made good their escape. The marshal and his deputies were notified and are now after the urchins. Andy Glutting, Luke Fleming and John Hance were in the vicinity and are thumping themselves for not getting on to the roll.

Yesterday, a young man named Johnson, whose mother was sent to the insane asylum from the poor house some time ago, called on Trustee Gaffney and asked him for a dollar to pay freight charges on goods he wanted shipped to Indianapolis, where he said he would hereafter reside. Mr. Gaffney told him he would not give him money, but would have the goods shipped. This did not satisfy Johnson, and he left, not very well pleased with his reception. By telephoning the Muncie freight office it was learned that Johnson had no goods there.

In conversation this morning with J. C. Eckert, the jolliest of all the heavy weights, a SENTINEL reporter was given John's interesting reminiscences of the famous ball game, which took place eleven years ago, between the fat and lean men. In the fat men's club John Eckert was on third base; Henry Strong, first base; and Waters, of Columbus City, short stop. The combined weight of the club was over 3,000 pounds. Among the other survivors of that ponderous nine are Andy Kalbacher and Dr. G. P. Barnum. Mr. Eckert then weighed 254 pounds, and now weighs the same at 230 pounds. We know a couple of the fat men, and

A BETRAYED WIFE.

Hollis Gillett, a Well Known Citizen, Arrested at the Charge of His Wife

On Board a Jackson Train in Company With a Prostitute Named Miller.

Gillett and the Woman Held for Obtaining Money Under False Pretenses and Adultery.

The troubles of Hollis Gillett, a member of the well known pioneer family of that name, and his wife, Agnes, a sister of Dr. John L. Kryder, the Cedar Creek township physician, are known to many. The parties were married fifteen years ago and have resided on a farm in St. Joe township. Owing to Gillett's dissipation and following after females of bad character, and finally his abandonment, Mrs. Gillett a few weeks ago brought a suit for divorce, and obtained a restraining order to prevent her husband receiving some \$700 due him from his father's estate. Since then there have been futile efforts to reconcile the parties by mutual friends, and finally Gillett himself took the matter in hand with a deliberate view as it is alleged, to betray the fond, trusting woman, his wife, who, despite his unworthiness, has not ceased to love the father of her babe. Several weeks ago it is charged that Gillett, who has been living apart from his wife pending the divorce proceedings, got a buggy and drove to his wife's house, arriving there about 1 o'clock in the morning. In the moonlight, underneath her window, a romantic meeting took place between husband and wife. Their misunderstandings were discussed, mutual confessions ensued and peace was patched up and sealed with a kiss. The next day Mrs. Gillett packed her effects, and with her child came to the city and met her husband. Contrary to the advice of her attorneys, the Messrs. Colerick, Mrs. Gillett dismissed the divorce and restraining proceedings and her husband obtained his money. Husband and wife then left for Michigan, and while there, Gillett, according to his wife's story, obtained from her upon some pretext \$30, every cent she possessed, and her own earnings. They then came to the city and Mrs. Gillett was sent to see her sister-in-law, Mrs. Spaulding, to bid her good-bye, preparatory to leaving for a new home in the west with her husband, as she supposed. Mrs. Gillett was given instructions when she last saw her husband, to meet him at a store in the city and thence they would go to the depot and take the train. Meantime Gillett, it is alleged, proceeded to the side of a prostitute, who has been living at Lew Clark's and is known as "Hattie," and made hasty preparation for flight.

Last night Mrs. Gillett, in a state of excitement bordering on insanity, came to the police station, enquired for Captain Diehl and related to the sympathizing officer her sad tale. The chief did everything in his power for her and endeavored last night to trace Gillett and his paramour and arrest them.

This noon Captain Diehl and Lieutenant Wilkinson went to a Jackson train and arrested Gillett and the prostitute, who occupied a seat together and were chatting pleasantly. They were taken to the calaboose where a reporter saw them. Gillett was at first uncommunicative but finally said that he didn't know the woman until he met her on the train. He denied his wife's charges in toto, and said he was bound for a small town to play at a dance. In proof he pointed to his violin case, which was with him. He claimed he was coming back to the city in a few days with a view to purchase Clutter's saloon on Main street, negotiations for which were pending. He said he could secure all the bail he wanted. Gillett claims that he intended to live with his wife, but the present aspect of affairs might cause him to reconsider.

The female, a cross-eyed and generally unprepossessing dame, tossed her head loftily at the reporter's inquiry as to who she was and said: "My name, sir, is Nellie Miller, and I am from the south. I don't see why I should be arrested." The reporter was informed by Captain Diehl that she is an old blither who has been "boarding" at the Oliver house for some time.

Mr. Henry Colerick at once proceeded to Justice Ryan's office and the necessary papers were drawn.

The parties to this sad affair are very well known in both county and city. The father of Gillett and

ELECTRIC LIGHTING.

The Fort Wayne Jenney Company Will Make a Proposition to the Council at the Next Meeting.

In conversation with Ronald T. McDonald, esq., treasurer of the Fort Wayne Jenney Electric Lighting Co., a reporter this morning learned that the company will at the next meeting of the council submit a formal proposition for the lighting of our city by electricity. The contract with the gas company expires Dec. 1 next. The expense of lighting the city now by gas is \$15,000. The company proposes to supply at the same figure, seven towers of ten lights each located in various advantageous portions of the city. Inasmuch as our citizens have had an opportunity to witness the working of the Jenney electric light, and are eminently satisfied with its practicability and steady brilliancy, we think the council will be apt to seriously consider the company's proposition.

Mr. McDonald informs us that the company will put upon the market their incandescent lights as soon as the patents are secured.

The company expect to occupy their new brick building now in course of construction as early as August 10th.

Devastating an Apple Orchard.

Mrs. D. O. Lancelord, wife of the artist, who enlarges pictures, has been arrested upon affidavit of William Horstmann, who has charge of Capt. J. B. White's property in the east end. She is charged with having taken apples from trees in an orchard of the value of twenty-five cents, which, under the new statute, is not larceny but trespass. The lady was undoubtedly innocent of any criminal intent, and Captain White did not authorize his employee's action. Justice Ryan continued the case until Friday. The prosecuting attorney will probably enter a nolle prosequi.

Highly Proper.

The market master, Wm. Henze, is about to take a step which is eminently the correct caper. For some time dealers in vegetables have driven to the market and allowed their teams to stand there during market hours, after which they go to grocers in different parts of the city, who have previously purchased their entire stock. In this way the market is forestalled, and the price of green stuff secures a boom. Market-master Henze will proceed at once to prosecute these grocery men for violation of sec. 16, chap. XXVI, Revised Ordinances.

A Marine Firm Suspended.

Yesterday in the circuit court, Harriet V. Underhill began suit in attachment against G. O. F. W., and E. V. Underhill, \$1,200 is the sum in dispute, which plaintiff, the wife of F. W. Underhill, claims due her from Geo. O. Underhill, who is a resident of Ohio. The sheriff closed the marble works on Main street yesterday. Mr. G. O. Underhill arrives from Ohio to-night and will reply. The embarrassment is deemed but temporary.

Indications for lower lake regions are not encouraging.

NOT A SAFE GAME.

How Dr. Depeller, a Specialist, Expected to Make Forty Dollars for Nothing by Ordering a Diebold Safe.

Some months ago Dr. Rudolph Depeller, the specialist of Columbia street, met in a saloon the traveling representative for the Diebold Safe company of Chicago. Over several rounds of budge the doctor and the drummer formed a mutual admiration society, and the traveling man waxed bold to try to sell the gentleman of pills and salves a safe. Dr. Depeller at first hesitated, but the agent was persistent and entreated the doctor to buy, stating that he was about to leave the house and wanted to send in a big batch of orders, so as to be able to draw his commissions in advance. He offered many inducements of time, and finally Depeller ordered a \$100 safe, which duly arrived.

Dr. Depeller had no use for the safe unless to keep his mercurial ointments therein and with finger on nose cogitated. A bright idea struck him and not waiting to recover from its force, he sought Billy Lindemann, the East Berry street saloon keeper, to whom he offered as a bargain a \$100 safe for \$40. Mr. Lindemann had not then the exact amount but ordered the safe sent to his place from the depot, paying the expenses of such transportation himself. He then asked the doctor to see the papers of sale and discovered a chattel mortgage attached thereto. Billy thereupon declined to complete the transaction. Meanwhile, the safe firm learning of Depeller's financial standing instructed their attorneys, Withers & Breen, to fore close the mortgage and seize the safe which was done this morning and it was forwarded to Chicago. Mr. Lindemann was recompensed for his expenses in moving the safe from the depot and the specialist thinks buying safes for nothing in order to speculate is not a safe transaction, whereby to raise the wind.

Humane Prejudice.

Some one has wisely said: "There is nothing stronger than human prejudice," and this is true. Especially are some minds prejudiced against "proprietary medicines." Because some such medicines are shams, they leap to the conclusion that all are. As well say, because some physicians are quacks, all are. There are oceans of all good things, even of gold coins and greenbacks. But there is true money and there are true medicines. Among the latter is Hunt's Remedy, true and tried, and with the testimonials of hundreds who have been healed and saved from the grave by it. For all diseases of the kidneys, the liver, the urinary organs it stands without a peer. Physicians prescribe it and the sick hail it with joy. Isn't it cheaper to buy a bottle of it yourself and take it according to directions, than to pay for your prejudice by receiving it at the hands of your physicians at ten times the cost?

The wise man never makes the same blunder twice.

If You are Ruined

in health from any cause, especially from the use of any of the thousand nostrums that promise so largely with long tedious testimonials, have no fear. Resort to Hop Bitters at once, and in a short time you will have the most robust and blooming health.

In love women go to the length of folly, men to the extreme of silliness.

Disease is an effect, not a cure. Its origin is within; its manifestations without. Hence, to cure the disease the cause must be removed, and in no other way can a cure be effected. WARNER'S SAFE KIDNEY AND LIVER CURE is established on just this principle. It realizes that

95 Per Cent.

of all diseases arise from deranged kidneys and liver, and it strikes at once at the root of the difficulty. The elements of which it is composed act directly upon these great organs, both as a food and a restorer, and by placing them in a healthy condition, drive disease and pain from the system.

For the innumerable troubles caused by unhealthy kidneys, liver and urinary organs, for the distressing disorders of Women; for Malaria, and for physical derangements generally, this great remedy has no equal. Bowels of impurities, irritations and obstructions said to be just as good.

For Diabetes, ask for WARNER'S SAFE DIABETES CURE. For sale by all dealers.
